

Valves

Handling the world's dry bulk solids®

THE VORTEX® MOBILE DISPLAY UNIT IS COMING TO VIRGINIA:

August 1-5, 2011

SCHEDULE A VISIT BEFORE IT'S TOO LATE!

*This year's travel route will be the I-95 corridor
from North Carolina to Maryland*

WHAT IS THE VORTEX® MOBILE DISPLAY UNIT?

Inside is an impressive "hands on" display of operational Vortex® slide gates, diverter valves, and iris valves for handling dry bulk solids. Take this opportunity to meet with factory representatives to learn about dry material handling valves and how Vortex® Valves can improve your process efficiency.

For additional Vortex® Valves product information, go to:

www.vortexvalves.com

To schedule your Vortex® Mobile Display Unit visit, contact us at (804) 935-8720 or:
