

Innovative Process Solutions

- Air Filtration • Conveying • Ducting
- Explosion Suppressing • Feeding • Level Control
- Loading • Mixing • Packaging Automation
- Size Reduction • Storing • Valves

SERVING VIRGINIA SINCE 1986

Air Purification Products

From high-quality purification products to full-system installations, Pace offers comprehensive solutions for industrial plants, technical centers, schools, and wood and welding shops.

Clamp Together Duct

Duct products are used to serve a variety of needs, including industrial ventilation, dust extraction and pneumatic conveying.

Interior, Enclosureless Wood Collector

Highly-effective and efficient, our turnkey systems remove dust and purify exhaust gases, maintaining facility safety and compliance.

[Learn More >](#)

Dry Dust Collectors

A wide range of airflows to collect your dust, mist or fumes.

[Learn More >](#)

Wet Dust Collectors

Our wet collectors will efficiently support your industrial processes by harnessing of the power of water.

[Learn More >](#)

Dust Collector Replacement Parts

Energy savings and excellent dust release is ensured with our nanofibre leading technology and other superior performance medias.

pacecompany.com

Fans & Blowers

Handle technically complex applications with efficient industry-leading air moving and ventilation products.

[Learn More >](#)

Rotary Valves

Get products that perform and stand the test of time with rugged durability and reliable operating performance.

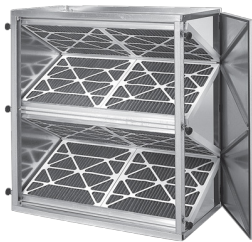

[Learn More >](#)

Hepa Filters

This high efficiency particulate filter removes bacteria, dander, mold, and other large allergens with 0.3 microns.

[Learn More >](#)

Explosion Protection Systems

With ATEX certified designs and millisecond response rates, rely on our suppression detectors, control units, and suppressors to reduce flame/explosion risks.

[Learn More >](#)

Downdraft Tables

The self-contained air filtration downdraft table is a proven source capture solution configured to address your particular air quality issue.

[Learn More >](#)

Cyclone Separators

Cyclone Separators are still viable options for many industrial applications that commonly challenge bag houses and cartridge filters.

[Learn More >](#)

Extraction Arms

Compact and flexible, this telescopic extractor arm is considerably stable and offers 360° rotation.

[Learn More >](#)

Emergency Rentals

Dust collector rentals to keep you running after an outage or fire. From 2000-45,000 cfm.
